## GARLINGTON HANGED.

Pays the Death Penalty on the Scaffold at Fort Worth.

## CRIME HE DIED FOR.

In Order to Rob a Train He Killed the Engineer and Mortally Shot the Fireman—Moore Given Two Life Sentences.

Fort Worth, Tex., July 28.—Jim Garlington was hanged here at 1:30 this afternoon.

The crime for which Jim Garlington, alias Jim Darlington, paid the death penalty was the murder of Watson Whitaker, the fireman on the south bound Santa Fe train, a short distance north of this city, on the night of July 23, 1898.

A conspiracy to rob the train was formed in this city. It was formed by Garlington, George Moore and Charlie Ellis. They found a man named W. R. Petty, generally known as "Dick," and approached him with a proposition to join them. To this he consented and they thereafter considered him one of them.

Petty, however, either being a coward or possessing finer ideas of justice than for which he is given credit for by the officials, went to Hardin Grunnels, then the assistant chief of police of Fort Worth, and laid bare to him the whole scheme.

Garlington and Ellis boarded the blind baggage at Saginaw, a station nine miles north of this city, climbed over the tender and shot Watson Whitaker, the fireman, through the stomach, killing him instantly, and badly wounding the engineer, Joe Williams. The latter ran out on the foot board and jumped off. He was picked up alive and removed to St. Joseph's hospital in this city where he lingered several weeks and then died. His ante-mortem statement was alone sufficient to convict Garlington.

Garlington and Ellis threw the body of the dead fireman from the cab and ran the engine to the cut where the other robbers were concealed.

Hardin Grunnels was at the scene of the robbery, four miles north of this city, with Policemen Butler, Carter and Thompson. They opened fire on the robbers, who returned the fire, but all escaped.

Petty returned to the city and gave himself up to the officers. He was placed in jail, where he yet remains under an alleged contract with the city attorney to turn him loose on consideration of his testifying against the other robbers. This he has done willingly, and on his testimony Garlington was convicted.

Moore was captured in the Indian Territory and Garlington in Navarro county. Ellis has never been captured.

Moore was first tried and given two life sentences in the penitentiary. Garlington was next placed on trial, found guilty and sentenced to be hanged. His case was taken to the court of criminal appeals and affirmed. A large petition was presented to the governor asking for a commutation of the sentence to life imprisonment. Equally as great petitions were offered protesting against it.

Hardin Grunnels, the officer who knew all about it and who did not inform the other officers, was indicted and is now under bond to answer a charge of conspiracy.

Garlington was only 26 years of age. He was a native of Texas and was educated for the ministry at a school in Lampasas county.

## Four Negroes Hanged.

Baltimore, July 28.—Four negroes, Cornelius Gardner, John Miners, Charles James and Joseph Bayner were hanged in the jailyard here, the first three named for criminally assaulting little Annie Bailey, and Bryan for the murder of Mary Pack, the woman with whom he lived.

## Killing in Kentucky.

Hopkinsville, July 28.—Pet Clardy killed Will Southall near Lafayette and Charles Southall mortally wounded Clardy. The Southall brothers were working in a tobacco field, when Clardy approached and without warning shot Will Southall twice, killing him instantly. Charles Southall then felled Clardy with a stone and struck him repeatedly on the head, fracturing his skull. Both families are wealthy and prominent. Excitement is high and further trouble expected.

## Girl Assaulted in Maryland.

Hagerstown, July 28.—Emma Kerfoot, 16 years of age, was assaulted Thursday night by a negro, who if captured will doubtless be lynched. A young negro, who apparently answers the description given by the victim, was arrested and is in jail awaiting identification.

## Court-martial of Spanish Generals.

Madrid, July 28.—The trial of Generals Toral, Barejo and others, for surrendering Santiago de Cuba, will begin

Monday before the supreme court-martial.

## Died of Typhoid Fever.

Cairo, July 28.—N. R. Harrington, a member of the American fish commission, died at Atebara of typhoid fever while en route for the Blue Nile.

## Plague Increasing.

Bombay, July 28.—There were 251 cases and 121 deaths from the plague at Poona Wednesday. The cases include four Europeans.

## REVOLUTION PREDICTED.

Uncle Sam May Eventually Have to Step in and Settle Matters.

New York, July 28.—General Abelardo A. Moscos, an exiled leader of the Liberal party of Santo Domingo, now living in New York, said:

"The death of President Heureaux will, I think, surely be followed by a long state of disorder and revolution. I want to emphasize this prophecy that the United States will eventually be obliged to interfere and establish peace in the island just as this country did in Cuba.

"I favor the policy of peace. I shall be glad to return to my country and support such a policy if it is inaugurated by General Figueroa, the vice president, who succeeds to the head of the government.

"But if something is not quickly done to establish order and peace, more revolutionary expeditions will follow, like that of General Jimenez and General Morales, who led a band from Cuba against Heureaux.

"There are now in this country Gen. Toribeo Garcia and Edward Grullon who share my views. We think that the United States ought to take an interest in our West Indian republic. It will be a great commercial ally. It lies between Cuba and Porto Rico. It must of necessity, I believe, ultimately become attached to this country."

General Moscos has been an exile in New York for three years. He opposed the late president politically and had to flee to save his life.

Edwin York, secretary of the Santo Domingo Improvement company, which controls the country's finances, said:

"Should the new administration attempt to repudiate our contracts we shall certainly, as American citizens, call upon the Washington administration for protection. I do not believe there will be any revolution."

The contract with the improvement company was signed by President Heureaux in 1893. It gives to the company, the railroads and the right to collect the customs. In return for these concessions the company has assumed the national debt of the country, which is principally held in the United States.

## Funeral of Heureaux.

Fort de France, July 28.—The funeral services over the remains of President Heureaux, took place at Santiago de las Caballeros at 5 o'clock Thursday evening. They were attended by a large number of people and conducted with great solemnity.

The city of Santo Domingo is in a state of great unrest and business has entirely suspended. The people fear an outbreak.

Thursday night a band of armed men attacked Moca and fired a number of shots. It is reported that the forces supporting the assassin have been augmented considerably.

## Warship Goes to San Domingo.

Washington, July 28.—A naval vessel is to be sent immediately to San Domingo. Secretary Hay has made a request that Secretary Long take this action, and the Machias, now at San Juan, and only a day's run from San Domingo, will proceed at once to that island. This is a measure of precaution rather than one of necessity at the present time, for Minister Powell has not suggested any such action to this government.

## DEATH OF A TRAITOR.

He Was Killed in His First Battle Against His Country.

Kansas City, July 28.—The tragic scene which attended the death of Corporal Leonard F. Hayes, America's only traitor in the Philippines, was witnessed by Sergeant George A. Lamarsh of company H, Twentieth Kansas volunteers, now in this city.

Sergeant Lamarsh went to the Philippines with the Second Oregon regiment 14 months ago. Corporal Hayes, he says, became enamored of a Filipino beauty, and, deserting his comrades, was placed in charge of a Filipino battery with the rank of a lieutenant. He met his death in almost the first engagement in which he fought against his country.

Speaking of this battle, Sergeant Lamarsh says:

"We had charged the Filipinos, driving them back and killing and wounding many. Among the wounded left on the field we found Hayes. He was recognized by several of the boys. One of the soldiers of the Second Oregon drove his bayonet through the body of the traitor and lifted him above his head and held there while the soldiers shot him. The body was thrown into a trench and buried with several dead Filipinos. We would have treated him

#### Road and Bridge Bonds and Special Tax Levy.

Inquiry having been made of the EAGLE regarding the bridge bond issue recently ordered by the county commissioners court, and also regarding the special tax levy for road and bridge improvement, we give below the order of the court relating to the bonds and also an explanation of the special tax proposition as we understand it: Under date of July 7, 1899, the county commissioners made the following order:

It is ordered by the county commissioners court of Brazos county, that for the purpose of constructing bridges for public purposes within said county, and across streams, constituting boundary lines of said county, there be issued thirty bonds of said county of the denomination of \$500 each, to be signed by the county judge of said county and countersigned by the county clerk and registered by the county treasurer, said bonds to be dated April 10, 1899, and to run twenty years from date, redeemable at pleasure of said county at any time after ten years from date and to bear interest from date at the rate of 4 per cent per annum payable annually on the 10th day of April of each year during the time they are outstanding, for which interest coupons are to be attached to said bonds; said bonds to be designated Brazos county bridge bonds, class "A," and to be numbered from one to thirty inclusive, and both principal and interest payable at the office of the county treasurer of said county of Brazos in lawful money of the United States of America; and, whereas, at the regular term of said county commissioners, on the second Monday in February, 1899, by an order then made there was levied a tax for road and bridge purposes of 15 cents on the \$100 of taxable values of said county, it is hereby and now ordered that the sum of 4 cents on the \$100 of taxable values be, and the same is hereby set aside and appropriated out of said levy of 15 cents aforesaid, to pay interest on and create a sinking fund for the redemption of said bonds hereby ordered issued and that the same be so appropriated and set aside during the time said bonds remain outstanding.

From the above it will be seen that provision is made for the bond issue independently of the special tax levy, which is another consideration altogether. If the people should vote for an additional 15 cents levy it would go to the regular road and bridge fund of the county and be used for the general improvement of the roads and bridges. The EAGLE learns that this fund is now \$2000 or more in debt with only 7 cents of the regular 15-cent road and bridge levy to keep it up and pay this floating debt. Four cents of the regular levy is set aside to pay interest and provide a sinking fund for \$20,000 forty year bonds issued by the previous administration, and four cents more of the fund is set aside for the new bonds, leaving 7 cents, as above stated. To replenish this fund, which is inadequate, and provide for further road and bridge improvement, it has been suggested that the special levy of 15 cents be made, but before this can be done it will have to be submitted to a vote of the people.

#### The Sand Hill Fund.

Below we give the list of those who paid for digging down the sand hill on the Madisonville road this side the Navasota river. #### FEEL DISTRUSTFUL.

Lawyer Morgan Expresses Himself on Affairs in Little Nicaragua.

New Orleans July 28.—"Nicaraguans feel distrustful toward the United States and who can blame them?" said J. La-motte Morgan, a constitutional lawyer, who is just from Bluefields. "We must not forget that we have broken away from all past traditions and policies in regard to territorial expansion. That little republic watched us plant our flag in Porto Rico, in the Philippines and lay a gentle hand on Cuba. They watched our aggressive policy in regard to the protection of the Americans who took part in the Reyes revolution and tried to overthrow President Zelaya and his government. Do you wonder then that they are so distrustful? Do you blame them for being restless and suspicious and fearing we are after them? I hardly see how they can feel otherwise. I would feel the same way if I were a Nicaraguan. President Zelaya, in my honest opinion, made only one mistake in dealing with Americans who took part in the attempt to overthrow the government, and that is he did not shoot every one of them. If Nicaraguans had ever attempted such a redhanded act in the United States, every one of them would have been lynched. It was consideration that he allowed all Americans to escape and leave the country."

#### Samoa Yet Disturbed.

San Francisco, July 28.—The steamship Moana has arrived from Honolulu and Samoa. At Samoa the conditions are in a very disturbed state, great dissatisfaction being manifested on all sides. There has been several fights among the natives and more are likely. Chief Justice Chambers was a passenger on the Moana. He left Samoa because the high joint commission would not guarantee that the decrees of the court would be enforced.

#### Mormon Elders Escape.

## OFFICERS COMPLAIN

Lawton and MacArthur Make Damaging Reports Against Otis.

## SERIOUS CHARGES.

They Show That He Issued Conflicting Orders Which in Some Instances Endangered the Troops—Their Reports Withheld.

Washington, July 28.—Damaging evidence has been received from Manila against Major General Otis which bears out the assertions of the newspaper correspondents and the men who fought around Manila, but now returning. The war department has received a shaking up and the reports will not be given to the public, at least, at present. The reports are from Generals MacArthur and Lawton and contain copies of dispatches exchanged between General Otis and officers on the firing line.

Generals Lawton and MacArthur, it is intimated, may insist upon the publication of the matter in justice to themselves, and if the policy of suppression is continued, may demand a court of inquiry.

The charges that can be formulated against General Otis are:

1. That he issued conflicting orders.
2. That he left a body of American troops in vital danger by ordering that body to retreat.
3. That in Manila, for several months before fighting began, he failed to explore the country beyond a radius of 10 miles from Manila.
4. That he was in total ignorance of the topography of the country in which he was fighting despite opportunities to learn.
5. That purposeless orders caused confusion to the quartermaster and commissary departments and resulted in suffering and, in some instances, death to soldiers by starvation.

The copies of telegrams General Corbin is suppressing show the inner history of the campaign during the last six months.

Many of them include the instructions given by Otis to Lawton and MacArthur and illustrate the uncertainty under which the officers in the field have been working. The copies show that General Otis had occasion to change his orders many times, one day directing the advance of troops, the next recalling them so that he was acting "in the dark" much of the time; that he never was sure of himself.

The telegrams prove that Lawton on at least two occasions was left to shift for himself in a precarious position, as a result of a revocation of orders issued originally to MacArthur, who was first instructed to support Lawton then was told to retreat or change his base with the effect of a retreat.

### Bryan Speaks to Great Crowds.

Greenfield, Ind., July 28.—William J. Bryan held three meetings here Thursday, two at the fair grounds and one on the courthouse square. Fully 15,000 visitors were in town and 12,000 people heard him on the fair grounds at each of the two meetings. In his speeches Mr. Bryan insisted upon nothing being subtracted from the Democratic platform of 1896, but that to it should be added the denunciation of the Philippine policy of the administration.

### Broke Two Records.

Salt Lake, Utah, July 28.—Two world records were broken at the Salt Palace bicycle track by J. M. Chapman of Atlanta, Ga. The five mile open, professional, was made in 10:45. This breaks the world record of 11:20 formerly made on the Salt Lake track. The final heat in the half mile handicap, professional, was won by J. M. Chapman, 59:55, breaking the world record of one minute.

### Unfortunate Accident.

Allen of Greenville, Miss.; vice president, E. S. Ready, of Helena, Ark.; secretary and treasurer, Robert Gibson of Dallas, Tex.

### An Aeronaut Killed.

Streator, Ill., July 28.—Aeronaut Thayer of Niles, Mich., fell 200 feet and was instantly killed here. The balloon rose about half a mile when it turned upside down and struck the parachute, throwing the aeronaut to the earth.

### Wolfangel Murder a Fake.

Spencer, Ind., July 28.—The Wolfangel murder that was reported near Denmark, this county, is a fake. The man did threaten to kill his family but was arrested and has been in jail here since last Sunday.

## THE FARMERS' CONGRESS.

Session at College Station Adjourns After Election of Officers.

College Station, Tex., July 28.—At yesterday's session of the Texas Farmer's congress a resolution, previously adopted in the Cotton Growers' association, was adopted, asking that a textile department be added to the agricultural and mechanical college.

The matter of organizing a product and fruit growers' shipping association was taken up on request of the horticultural society, and during a recess taken for that purpose, a temporary organization was perfected, with B. F. Johnson of Arcadia, as chairman, E. S. Peters of Calvert, vice president and G. W. Waters of San Antonio, secretary and treasurer.

Judge Willingham, for the committee on substitutions, reported that the committee had made a good impression on the legislators, but it had failed to get the matter before the legislature. He suggested that the congress keep on pushing. The committee was continued.

Dan O. Lively of Fort Worth offered a resolution providing for the appointment of a committee of three to investigate and report whether or not the Agricultural and Mechanical college under its present system tends to educate the boys to or away from the farm and whether or not the college is usurping the place of the state university. Referred to the executive committee.

Mr. Lively said he did not mean this as a criticism, but would like to know the facts.

On recommendation of the nomination committee, Prof. J. H. Connell was unanimously reelected president and Dan O. Lively, secretary.

The executive committee was constituted as follows: E. W. Kirkpatrick for the horticultural section, W. R. Spann for the Jersey Cattle club, Col. E. S. Peters for the cotton growers section and J. M. Vance for the dairy section.

The executive committee reported favorably on the resolution asking for a primary agricultural course in normal schools.

A resolution was reported calling on the legislature to create the office of state veterinarian with one assistant, also the resolution favoring industrial education for girls.

The congress then adjourned sine die.

## KENTUCKY POPULISTS.

They Put Out a Full Ticket and Refuse to Fuse.

Frankfort, Ky., July 28.—The Populist state convention here nominated a full state ticket. John G. Blair of Nicholas county was nominated for governor by acclamation. An effort was made to have the convention nominate former Governor John Y. Brown, who probably will run on an anti-Goebel ticket, but the anti-fusion sentiment was so strong this plan failed to go through, though some of the party leaders regarded it with much favor.

The convention nominated G. W. Reeves of Ballard county for United States senator. Mr. Reeves was a probability for the nomination for governor, but later entered against Blackburn in the senatorial race. The platform adopted indorses Wharton Baker of Philadelphia for president and Ignatius Donnelly of Minnesota for vice president. It reaffirms the former Populist national platform, and declares in favor of government ownership of all public utilities as a means for stamping out trusts, emphasizing the government ownership of railroads. It condemns the Goebel election law as an attempt to disfranchise the voters of the state and says further:

"We regret to see that Hon. W. J. Bryan, for whom the Populist of Kentucky voted for in 1896 for president of the United States, by his public endorsement of the ticket, nominated at Louisville and the platform there adopted, assumes the responsibility of endorsing the criminal attempts of corrupt elements of Kentucky politics to subvert the ballot."

"In order that the Populist party may be preserved forever free from fraud, bossism and political corruption, such as now dominates both the Democratic and Republican parties in Kentucky as well as in other states, as exemplified in the late spectacle of the Democratic convention, controlled by policemen and others sent there to defeat the will of the Democratic masses of Kentucky and the convention at Lexington, controlled by Federal officeholders, we endorse the policy of applying to the management of the People's party, as far as practical, the principles of direct legislation in nominations and the conduct of party affairs."
